📍 Jl. Rajawali 3 Blok G60 No. 30 PPM Tambun Selatan, Bekasi

Job Description

HSE PT. Pakuwon Group Project Kota Kasablanca

1. HSE Supervision (Health, Safety & Environment)

- Conduct routine patrols in mall areas (public areas, tenants, basement, loading dock, rooftop)
- Identify potential hazards (unsafe conditions & unsafe actions)
- Ensure proper use of PPE by technicians, vendors, and contractors
- Supervise high-risk activities:
 - Hot work (welding, cutting)
 - Working at height
 - Confined space work
 - Electrical work

2. Fire Protection System Management

- Ensure all systems are active and ready:
- Hydrant, sprinkler, fire extinguishers (APAR), fire alarm, smoke detectors
- Perform periodic inspections (daily/weekly/monthly checklists)
- Coordinate with engineering for system repairs
- Monitor fire pumps and water tank capacity (RWT)

3. Emergency Response & Evacuation

- Act as part of the Emergency Response Team (ERT)
- Lead or coordinate evacuations during emergencies:
 - Fire
 - Earthquake
 - Bomb threats
 - Other emergency situations
- Ensure evacuation routes and assembly points are safe and clearly marked
- Develop scenarios and conduct evacuation drills

4. Safety Inspection & Audit

- Conduct routine inspections:
 - Tenants (kitchen, electrical installations, gas systems)
 - Public areas
- Prepare findings reports and recommendations
- Follow up on corrective actions
